

3D Benchmark 1.0b

Thursday, 20 July 2006

Last Updated Friday, 09 November 2007

DYNAMIX 3D Benchmark v1.0b!

New free PocketPC benchmark utility is available from DYNAMIX Soft!

It allows you to test your WinCE system with our new 3D engine for PocketPC, Smartphones and WinCE devices based on MS Windows Mobile 2003.

Before downloading, please, click here to agree to our LICENSE AGREEMENT.

You can download this software for free from this site just by clicking here - DYNAMIX 3D Benchmark v1.0b. Please, remember this is a BETA version and it maybe unstable. This is a .CAB file - download or copy it to your PocketPC device.

Please, report all bugs and problems on our forum here - DYNAMIX SOFT FORUM. Please report if it doesn't work on your system.

At the end of the test you have an option to submit your FPS results to us. Visit this page to see what other people have submitted - DYNAMIX 3D Benchmark Results.

Please, read readme.txt first.
